TOGO LOOKING FOR RUSSIAN SQUADRON

It Is Believed He Will Attack Their Rear Guard.

FOLLOWING IN WAKE OF FLEET

Rojestvensky Has His Campaign Mapped Out and Will Pay Particular Attention to Togo's Flagship—News from Manchuria.

Saigon, April 26—9:30 a. m.—Advices just received from Kamranh bay say that 22 Japanese warships passed the bay between 8 and 9 o'clock in the evening of April 23.

Two ships loaded with rice for Saigon and bound for Japan have been captured by ships belonging to the Russian squadron.

Russian officers are reported to have declared that Admiral Rojestvensky is determined to fight Admiral Togo and will endeavor to vanquish the Japanese squadron or sink with it. Admiral Rojestvensky has given every detail of the coming conflict his particular attention. Togo's flagship will be his objective, according to a special plan.

More firing at sea was heard at Kamranh bay Sunday morning. The reports were exceedingly faint.

It is reported that four Russian cruisers are lying off the coast.

The statements that the crew of the Russian protected cruiser Diana joined Admiral Rojestvensky's squadron are again pronounced absolutely unfounded. On the contrary, since the Diana has been interned the most minute precautions have been taken to prevent the slightest breach of neutrality.

The commander of the Diana has given his parole and reports daily to the French commandant. All the essential parts of the Diana's machinery are on board the French battleship Redoubtable.

The enemy left about 200 dead on the field.

Two other Russian forces, one consisting of six battalions of infantry and 16 sotnais of cavalry, the other of 12 sotnias of cavalry and battery of artillery attacked Shantu and Siaatatzu, respectively, but retreated north when the other Russian force was defeated at Kaiyuan.

FATAL ENDING OF JOKE.

Tragic Termination of a Prank Played By Husband Upon Wife.

Paris, April 27.—M. Edmond Lelouse wishing to play a joke on his wife dressed up a wax figure, the head of which and one of the hands he lightly attached to the body by means of gum and placed it in a bed.

While Lelouse was watching the proceedings from behind some draperies his wife, about to retire, grasped what she supposed in the semi-darkness to be her husband's hand, but which was in reality that of the wax figure. The hand, cold and clammy, detached itself from the limp and remained in her grasp. With a terrible cry of terror, Mme. Lelouse let the hand drop to the ground and flung her arms around the figure's neck, when the head also became detached and rolled down upon the floor. The terror-stricken woman, uttering piercing shrieks, ran down the stairs, where she was stopped by some neighbors and detained. When the police arrived it was found that she had become raving mad.

Later she was conveyed to the asylum. When the husband was apprised of the hopelessness of his wife's condition he poisoned himself by swallowing a dose of nitric acid.

SITUATION CRITICAL IN ARABIA.

Turkish Troops Sent to the Relief of that Country.

Aden, April 27.—The situation in Turkish Arabia has become critical. It transpires that only a thousand of the Turkish troops sent to the relief of Riza Pasha, Sanai and Fez fled thither after sustaining a defeat at the hands of the insurgents. Riza Pasha troops 6,000 strong, encountered the Arabs in great force 5 miles south of Sanai March 30 and after a sharp encounter most of the troops consisting of Syrian reserves laid down their arms or deserted, the remnants of the Turks managing to reach Sanai the same evening.

The chief of staff, Issat Pasha, was killed and seven guns were abandoned and taken possession of by the Arabs, who also captured 200 camels and large quantities of rifles and ammunitions.

The investment of Sanai by the insurgents is being tightened. The Syrian reinforcements which recently arrived in Arabia are unsatisfactory, and the Ottoman officials are anxiously awaiting the arrival of European battalions upon whom the fate of the capital of Yemen province depends.

WORK COMMENCED ON PANAMA CANAL

Chief Engineer Wallace Gives Out Interesting Facts.

8,000 MEN ARE NOW EMPLOYED

Hotels Are Being Built and Fitted Up With All Modern Sanitary Improvements—The Unskilled Laborers Are Mostly Natives.

Chicago, April 27.—Speaking of the actual physical work of building the Panama canal Mr. John F. Wallace, chief engineer of the Panama commission said today that an organization had already been formed embodying a total of 8,000 men. Of this number practically 6,000 men are engaged in equipment and construction work, and 2,000 men are engaged in policing the canal zone, and in sanitary work, and in cleaning up the isthmus. This organization will be rapidly increased and has been increasing at the rate of 800 to 1,000 men a month.

Of the total number of men employed, about 10 per cent are high-class men from the United States, and the rest are mechanics, artisans and borers that have been brought from the nearby South American and Central American coasts, and from the West Indian islands. There is a demand for men expert in the mechanical trades; for instance steam shovel men, draughtsmen, engineemen, railway track foremen, carpenters skilled in heavy timber work and in the construction of dredges and bridges. In addition to the repair of the residences about 2,400 that were constructed by the French, eight three story hotels are being constructed at various centers of population, the purpose being the accommodation, principally of the unmarried American men engaged in the work. Two of the hotels are completed. Material has been ordered and arrangements made for the remaining six. The hotels are provided with bathrooms and all modern necessary hotel appliances.

Up to date seven American steam shovels have been installed and ten more are on the isthmus in course of erection or are on the way there, and 24 additional shovelers have been asked for from the commission. Should it be decided to change the canal to sea level, Mr. Wallace said it had been estimated that 14 miles of summit cut will be necessary, and this would require 100 steam shovels, about 300 engines and train crews and 15,000 dump cars. The service would necessitate four double track railways for the removal of the material, which would have to be hauled 15 miles on an average. Aproximately 150 miles of construction track will be necessary.

"STATE OF ALLEGHENY."

Western Pennsylvanias Want Their State Split in Twain.

Pittsburg, Pa., April 27.—Now that Pittsburg and Allegheny are to be united into a greater Pittsburg, there comes a cry for a division of the commonwealth. The Allegheny mountains form a natural dividing line, cutting off a little more than one-third of the western portion of the state.

The claim is made that politicians of Philadelphia and the east so shape things that the western part of the state suffers, its development being retarded, while the east reaps all the benefits of statehood.

It is asserted that the division movement will be begun at once. The name proposed for the new state is "Allegheny," seemingly making prophetic Lincoln's allusion to the "State of Allegheny."

Drowned While Duck Hunting.

Erie, April 27.—Laverne McCrillis, aged 19, of Trionville, and Archie Clark, aged 19, of Centreville, students at the State Normal school, at Edinboro, Pa., were drowned in Conneaut Lake while out duck hunting in a rowboat. The boat drifted ashore, containing only the overcoats of the two young men.

GEORGIA MASONS IN SESSION.

Macon, Ga., April 27.—Nearly 300 Masons from all sections of the state were present at the opening sesion of the grand council at Masonic Temple in this city. Grand Master J. C. Greenfield, of Atlanta, delivered a polished and impressive annual addres to the body.

The work of the grand council was completed at the night session and the order adjourned after a large number of Masons were promoted. The election of annual officers occurred at the afternoon session. The officers are as follows:

Hyman, grand chaplain, Arabi; R. H. Taylor, grand captain of the guard, Griffin; J. C. Postell, grand marshal, Savannah; John B. Wilkinson, grand conductor of the council, Atlanta; Max L. McRae, grand Steward, McRae; Lee Wages, grand sentinel, Macon.

The grand chapter, Royal Arch Masons wil clonvene at 10 o'clock tomorrow morning to remain in sesions during morning, afternon and night until Thursday. The number of visitors will increase at the sessions of the Royal Arch chapter. Grand High Priest Y. A. Wright, of Jackson, Ga., will deliver his annual address at the opening session tomorrow.

PRESIDENT KILLS TWO BEARS.

Hunting Trip Is Proving Sucessful Beyond Expectations.

Glenwood Springs, Colo., April 27.—President Roosevelt's hunting trip has been crowned with success far beyond his expectations or those of the most sanguine of his guides. Three bears were killed by the party today and two yesterday, one by the president and one by Dr. Lambert. P. B. Stewart of Colorado Springs, one of the president's hunting companions, arrived here accompanied by Courier Chapman. They brought the story of the hunt. The killing of the three bears was telephoned to them, and they understood that President Roosevelt had brought down two of them, but the details are lacking.

The party is almost snowbound in its present location and no attempt will be made to cross the divide. Fifteen feet of snow is on the ground on the other side, and any effort to reach Red Sone would be futile. Bob cats are thick in the country now being hunted, so plentiful, in fact, that many are allowed to escape without a shot. Several fine skins have been taken, however.

The bear killed by the president was of the brown variety, not so heavy, but furnishing a much finer pelt than the first animal killed. One of the bears killed today is said to be a grizzly, but this cannot be verified.

THINKS AMERICANS ARE TOADIES

Kaiser William Thinks Wealthy Americans Are Coddlers.

New York, April 27.—A Naples cable to the World says: When Kaiser Wilhelm quitted the steamship Hamburg here he asked an official of the company if the suite which had been specially fitted up for his use on the voyage was to be left as it was.

He was told that the suite would be immediately dismantled.

The kaiser, according to the Frankfurter Zeitung, then said: "That is a great pity, and will result in a considerable loss to the steamship company. I am sure there are many Americans who would pay almost anything for the privilege of occupying the cabins and sleeping in the bed which has been used by a kaiser."

Situation in European Russia.

Borrissoglocbek, European Russia, graphed to Interior Minister Boulligan as follows: The situation in Russia is excessively strained. Besides the discontent in the towns Russia is confronted by a terrible agrarian movement and class hatred is growing. It is absolutely necessary to convoke representatives of the people.

KING OF BEGGARS IN TOILS OF LAW

He Is Locked Up On Several Serious Charges.

LIVED AT EXPENSIVE HOTELS

His Gang of Professional Beggars Have Fleeced the People of Thousands of Dollars—He Was on His Way to England When Arrested.

New York, April 27.—Hermann Wilhelm Troeber, "King of the Schnorrers," as a band of professional beggars is known, is locked up here awaiting arraignment on several complaints by the charity organizations society.

Officers of the latter allege that Troeber has cleaned up tens of thousands of dollars in the past four or five years and that the full list of persons from whom his unique methods procured money would read like a social register of New York.

Troeber has lived at expensive hotels and for years has maintained a home in Hoboken for his wife and child. He is said to have lost large sums of money in gambling both here and in the west. Under arrest with him is his secretary, Otto Wittles, whom he paid $25 a week to attend to the clerical work of his business.

Troeber began his operations as a professor of Sanskrit from Heidelberg or Leipsic. University men and especially professors, were much in his favor, and his story generally was to the effect that remitters from home had failed to arrive, leaving him temporarily in need of funds.

In 1902 he was sentenced to six months in prison, for mendicancy. In that case he used the name of Baron Von Manteuffel. Recently he returned to New York and the charity organization heard of him through the officials of a copper mining company, to whom he represented himself as an expert minging engineer. Technical questions asked him placed him under suspicion because he failed to display much knowledge on the subject. When arrested, Troeber and his secretary were enroute to Boston, whence they expected to sail for England.

SHOT HIS SISTER'S ESCORT.

Empties a Load of Shot Into His Body and Escapes.

Wheeling, W. Va., April 27—Thomas Mills is lying in the Wilson hospital at Martin's Ferry at the point of death with gunshot wounds in his back and shoulder, alleged to have been inflicted by John Seely, who believed that Mills was unduly attentive to his sister May.

Seely lives in a boat house in the back river, near Martin's Ferry, and it is stated that for some time his sister has been a housekeeper for Mills, a well known resident of the same town. Seely followed them to Wheeling and the tragedy took place. Seely fled at once, and at a late hour had not yet been apprehended. Mills, the physicians say, cannot recover.

Big Fire at Selma, Ala.

Selma, Ala., April 27.—Fire broke out in the engine room of the American candy factory, on Water street, last night and quickly spread to adjoining buildings. After several hours' fighting against a strong wind the fire department succeeded in confining the flames to the 3-story building occupied by the candy factory. The fire went up the elevator shaft to the roof before it was discovered, and spread to the roof of the adjoining building occupied by the V. B. Atkins Grocery company, and the total damage is approximated at about $50,000.

Boy Accidentally Kills Brother.

Portsmouth, O., April 27.—Before Policeman E. W. Smith accompanied his wife to church he laid his revolver on a stand at hime. His son Earl, aged 14, and his brother Cassius, a youth of 19, came into the house later, and seeing the revolver began handling it. In some manner it was discharged, the bullet striking Cassius in the forehead, fatally injuring him.

KEY WEST RAILWAY BILL PASSED SENATE

Senator Hudson Supports the Bill as Amended.

MANY NEW BILLS PRESENTED

Senator Adams' Minority Report on Appropriations Adopted — Senator Brown Accused of Using Free Pass on East Coast Railway, Etc.

Tallahassee, April 27.—The Senate was occupied with the general appropriation bill at its opening session yesterday. The committee on appropriations presented its bill through Chairman Adams, accompanied by a minority report upon the subject of the fund from which money should be borrowed with which to pay the pension rolls. There is a deficit of $140,000 in the pension fund. The majority report leaves it to the State government to pay this deficit from the general revenue fund. Senator Adams contended that there was no money in the general fund to meet this shortage, and he, therefore, submitted a minority report requiring that the pension fund deficit be met with moneys in the fund from the hire of State convicts

Senator Adams' minority report brought out considerable discussion, Senator Crill contending that the minority report proposed shifting the burden of an honorable pension roll from the State to the counties.

After debate yeas and nays were called, and the minority report was adopted by a vote of 17 to 18.

Yeas—Messrs. Adams, Alford, Bailey, Brown, Canova, Clark, Crane, Crews, Davis, Faulkner, Harris, Massey, Neel, Newland, Scott, Wadsworth and Zim—17.

Nays—Mr. President, Blount, Carter, Crill, Gillen, Hudson, Humphries, Lee, McCreary, Raney, Sams, West and Wilson—18.

The Key West railway bill, as amended, with all the words after "Key West" in section 5 cut out, was taken up.

Senator Hudson said he thought the bill in its amended form was not objectionable, but asked another day to consider it. Motion lost and bill was placed on its third reading and passed.

On roll-call the vote was:

Yeas—Messrs. Adams, Alford, Brown, Canova, Carter, Crane, Crews, Crill, Faulkner, Gillen, Harris, Hudson, Humphries, Lee, McCreary, Massey, Neel, Newlan, Raney, Sams, Scott, Wadsworth, West, Wilson and Zim—25.

Nays—The president and Senator Blount; paired, Clark for and Jackson against. Absent, Bailey and Davis.

On motion of Senator Harris the bill was immediately certified to the House, where it was referred to the committee on railroads, after the passage of a motion by Mr. Buckman, ordering 200 copies printed. The bill will be referred back to the House tomorrow.

A sensation was caused when Senator Bailey of Jefferson county introduced a resolution providing for the appointment of a committee of five Senators to investigate and report upon the facts in the case of the charge that Senator C. M. Brown has accepted a free pass from the Florida East Coast Railway. When the president of the Senate put the question on a vive voce vote some Senators voted no, but upon a rising vote, it was ordered unanimously that the matter be investigated.

Senator Brown made a lengthy explanation, in which he sought to excuse himself on the ground that he is employed as an emigration agent by the Florida East Coast Railway.

The following new bills were introduced:

Senator Massey—To amend the law relating to the carrying of firearms.

Senator Neel—Providing for the division of Holmes and the formation of Bloxham county.

Senator Crane—Relating to the crossing of railway tracks.

Senator Newlan—To prohibit certain games and sports on Sundays.

Senator Bailey—Authorizing the State Board of Pensions to enroll the name of Joseph Gilmore on the pension roll.

Committee on Appropriations—Appropriation bill for the six months of 1905, the year 1906, and the first six months of 1907.

On motion of Senator Adams 300 copies of the bill were ordered printed.

Senator Gillen was appointed on the part of the Senate on the joint committee to visit and report upon the Home for the Confederate Soldiers and Sailors at Jacksonville.

In the House.

Tallahassee, April 27.—Two communications from Miami, one favoring and the other opposing the Key West railway extension, were received in the House yesterday.

Mr. Wells introduced a memorial to Congress to increase pensions of Seminole War veterans from $8 to $12 per month. Adopted.

Mr. Jewell offered a resolution asking Florida Congressmen to work for good roads movement.

New bills introduced:

Mr. Matthews of Bradford—To repeal the law allowing sheriffs and other police officers to carry concealed weapons without giving bond.

Mr. King of Dade—To amend the law organizing county court of Dade county.

Mr. Kirkland of Lake—To regulate carrying of concealed weapons, and providing a penalty therefor.

Mr. Wells of Hillsboro—To fix terms of trustees of special tax districts, and to provide the time, manner and conditions for holding elections for such trustees, and for voting a millage upon the taxable property in such districts for school purposes.

Committee on Appropriations—The general appropriation act to meet current expenses of State government from July 1, 1905, to June 30, 1907.

Mr. Sistrunk of Marion—To provide for official reporters in circuit courts and repeal existing laws on that subject.

Mr. Carter of Polk—Providing time in which express companies shall settle claims for goods lost or damaged by them in transit.

Mr. Dorman of Suwannee—To prohibit certain games and sports on Sundays. Baseball, football and horse races are the prohibited sports.

Mr. Hall of Suwannee—To require railroad companies to construct and keep in repair crossings of highways, and to guard the same in towns and cities.

Mr. Bryan of Washington—To amend law relative to local elections relative to the sale of liquors.

The bill regarding board of regents for colleges was made a special order for Thursday.

Doctor Brigham Says

MANY PHYSICIANS PRESCRIBE

Lydia E. Pinkham's Vegetable Compound

The wonderful power of Lydia E. Pinkham's Vegetable Compound over the diseases of womankind is not because it is a stimulant, not because it is a palliative, but simply because it is the most wonderful tonic and reconstructor ever discovered to act directly upon the generative organs, positively curing disease and restoring health and vigor.

Marvelous cures are reported from all parts of the country by women who have been cured, trained nurses who have witnessed cures and physicians who have recognized the virtue of Lydia E. Pinkham's Vegetable Compound, and are fair enough to give credit where it is due.

If physicians dared to be frank and open, hundreds of them would acknowledge that they constantly prescribe Lydia E. Pinkham's Vegetable Compound in severe cases of female ills, as they know by experience it can be relied upon to effect a cure. The following letter proves it.

Dr. S. C. Brigham, of 4 Brigham Park, Fitchburg, Mass., writes:

"It gives me great pleasure to say that I have found Lydia E. Pinkham's Vegetable Compound very efficacious, and often prescribe it in my practice for female difficulties.

"My oldest daughter found it very beneficial for uterine trouble some time ago, and my youngest daughter is now taking it for a female weakness, and is surely gaining in health and strength.

"I freely advocate it as a most reliable specific in all diseases to which women are subject, and give it honest endorsement."

Women who are troubled with painful or irregular menstruation, bloating (or flatulence), leucorrhœa, falling, inflammation or ulceration of the uterus, ovarian troubles, that bearing-down feeling, dizziness, faintness, indigestion, nervous prostration or the blues, should take immediate action to ward off the serious consequences, and be restored to perfect health and strength by taking Lydia E. Pinkham's Vegetable Compound, and then write to Mrs. Pinkham, at Lynn, Mass., for further free advice. No living person has had the benefit of a wider experience in treating female ills. She has guided thousands to health. Every suffering woman should ask for and follow her advice if she wants to be strong and well.

PENSION BILL BECOMES LAW

Will Seriously Affect the Fine and Forfeiture Fund—Alachua Among the Counties to Suffer—Senator McCreary's School Bill Passed.

Special to The Daily Sun.

Tallahassee, April 27.—Senator Harris of Monroe and Representatives Wilson of Jackson and Dyal of Nassau have been appointed a committee to visit East Florida Seminary, and the committee will probably leave for Gainesville tomorrow.

The Senate appropriations bill, appropriating $140,000 immediately from the fund arising from the hire of State convicts to pay pensions, passed the Senate today and was immediately certified to in the House. It is claimed the bill will seriously affect the fine and forfeiture fund and financial arrangements of many counties, including Alachua.

The Gainesville charter bill was put upon its third reading and was passed by the Senate this afternoon; also the McCreary bill regulating the attendance of non-residents in special tax school districts.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $100 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. Sold by J. W. McCollum & Co.

Funeral of Mr. Jeffords.

The funeral of the late E. A. Jeffords, the death of whom occurred at his home in this city Tuesday, was held from Holy Trinity Episcopal Church Thursday morning at 10 o'clock, Rev. Francis H. Craighill officiating. The interment was in Evergreen cemetery.

Deceased being a Confederate Veteran, many old comrades, and several ladies representing both Chapters of the U. D. C., were present to pay their last respects to the man who had so nobly assisted and defended them in times when they needed assistance.

The relatives of the deceased were so scattered throughout the United States that it was impossible for them to meet here, hence the only relative present was W. S. Moore, St. Louis, son-in-law of deceased.

In the death of Mr. Jeffords Gainesville loses another old land-mark and valued citizen, and friends note his demise with a great deal of sorrow.

HOSPITAL ASSOCIATION.

Collector Now in the Field Collecting Various Subscriptions.

Matters with the Gainesville and Alachua County Hospital Association are assuming some kind of a definite shape. The plans of buildings are now receiving the finishing touches of the architect, and will be submitted and adopted, if correct, within a short time, when building will begin.

The Association has secured the services of T. B. Ellis, Sr., as collector of subscriptions, and Mr. Ellis has gone to work in earnert. If he is as successful in the collection of these subscriptions as he is with the city taxes, the Association need have no fear.

Cheated Death.

Kidney trouble often ends fatally, but by choosing the right medicine E. Wolfe of Bear Grove, Iowa, cheated death. He says: "Two years ago I had kidney trouble, which caused me great pain, suffering and anxiety, but took Electric Bitters, which effected a complete cure. I have also found them of great benefit in general debility and nerve trouble, and keep them constantly on hand, since, as I said they have no equal." All druggists guarantee them at 50c.

MILLIONS OF PEOPLE

ARE DRAGGING OUT A TIRED, WEARY EXISTENCE,

Says Druggist W. M. Johnson, Simply for the Want of a Little Strength and Vitality.

"Simply for the want of a little strength and vitality," said Druggist W. M. Johnson, "there are millions of people in this world, and a large number right here in Gainesville, who are dragging themselves around half dead and half alive, and it hardly seems to them that life is worth living.

"I want to say to every such person, take Vinol, our delicious cod liver oil preparation, which is not a patent medicine, and you know what you are taking, as everything it contains is printed on the bottle.

"Vinol contains in a highly concentrated form all of the curative, life-giving elements of cod liver oil, without a drop of oil or grease to upset the stomach. Vinol will purify and enrich the blood, invigorate every organ in the body and create strength as nothing else known to medicine can do.

"Mr. M. A. Cassidy, a prominent educator and superintendent of schools, Lexington, Ky., writes: 'After using different tonics and cod liver oil preparations on the market, I find Vinol to be far superior to them all, and its strengthening properties are truly remarkable.

"'Vinol has built up my system, strengthened my nerves—in fact, it has made a new man of me, enabling me to take up my work with renewed energy and vigor, and I heartily endorse Vinol as the best cod liver oil preparation and strength creator known.'

"We ask every weak and aged person in Gainesville, every person who is run down, overworked, nervous or debilitated, and everyone suffering from severe colds, hanging-on coughs and incipient consumption to try Vinol on our guarantee to build them up and create strength and make life worth living. Vinol will cost nothing if it fails to give satisfaction; in such cases we give back the money without 'red tape.'" W. M. Johnson, druggist.

COURT HOUSE PAVEMENT.

Bricklayers Began Work Thursday, and Will Push Work Through.

Work was begun Thursday of laying brick on the pavement around the court house square, the work being done under the supervision of J. Dudley Williams and Mr. Fisher.

The sidewalk or pavement will prove of great benefit to those who are accustomed to passing that way. It will prove a great convenience to the public generally, and will tend to enhance the value of the county property considerably.

County Commissioner Pedrick of this district has the work in charge, and he has been devoting a great deal of time to the same within the past few days. All material has been delivered, the grades have been properly made, and altogether the work is ready to begin. Mr. Pedrick expects the same to be completed within the next two or three weeks, when Gainesville can boast of the best and most durable pavements in the country.

The Monument Decorations.

The magnificent Confederate monument on the court house square, which was installed through the efforts of the good ladies of Kirby Smith Chapter, U. D. C., was decorated in such an attractive manner on the occasion of Confederate Memorial Day, Wednesday, that it elicited the comment and praise of everyone who saw it.

It was largely through the taste of Mrs. Jas. F. McKinstry, Jr., and Miss Conway, who assisted Mr. Moyers, that the suggested effects were carried out. These ladies were assisted by Cadets Larkin Carter and Lee Colson, through the courtesy of Superintendent Pound of East Florida Seminary, who permitted a leave of absence. These young men worked faithfully, and the ladies, as well as Mr. Moyers, desire to express to them their appreciation, as well as to Professor Pound for relieving them for the work.

Frightful Suffering Relieved.

Suffering frightfully from the virulent poisons of undigested food, C. G. Grayson of Lula, Miss., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. 25c at all drug stores, guaranteed.

Hill of the Poison Plant.

Close to the frontier of Nepal is the mountain of Sandook-Phu, which means in the Tibetan language "the hill of the poison plant," or aconite. This plant is so abundant and so deadly in its effects that all sheep and cattle passing over the mountain are muzzled by their drivers. An English traveler saw at its foot great heaps of discarded bamboo muzzles. Curiously enough, only those cattle that are newly imported from the plains are fatally affected. The natives believe that the sheep of the district learn to shun the youngest leaves, which are the most virulent. A more likely explanation is that they grow habituated to the drug by taking it in small quantities.

Royal Night Bodyguards.

For more than 400 years a body of men known as the Monteros de Espinosa have enjoyed the exclusive privilege of watching over the slumbers of the kings and queens of Spain. They are bound by tradition to be natives of Espinosa and to have served with distinction in the army. One of these is on guard at the door of the bedroom of each royal personage in the palace, and the others, armed with huge halberds and wearing felt soled shoes, tread silently all through the night along the corridors and halls. Their service begins at midnight and ceases at 7 in the morning.

Crass Ignorance.

An east side kindergartner was about to give her class a lesson, with "The Kitten" as the subject. She began by saying: "Our lesson this morning will be all about the kitten. Now, can any little boy or girl tell me which grows on the kitten, fur or feathers?"

A dead silence followed for a minute, when one little boy said in a loud voice: "G-o-o-d gracious! Hain't you never seen a kitten?"—Life.

Ballard's Horehound Syrup

Immediately relieves hoarse, croupy cough, oppressed, rattling, rasping and difficult breathing. Henry C. Stearns, Druggist, Shullsburg, Wis., writes May 20, 1901: "I have been selling Ballard's Horehound Syrup for two years, and have never had a preparation that has given better satisfaction. I notice that when I sell a bottle they come back for more. I can honestly recommend it." 25c, 50c, $1.00 Sold by W. M. Johnson.

Pointers to the Legislature as to the course to pursue in regard to the bills before that body, should be addressed to the secretary. All suggestions thankfully received.

The Miami Record has recently added a Linotype, Jr., machine, and will soon be in shape to furnish all the news to the people of that thriving city in metropolitan style. The publishers of The Record are pleasant gentlemen and thorough newspaper men.

When the First National Bank at Milwaukee, Wis., had been robbed of its entire capital, $1,500,000, by Frank Biglow, the president, there commenced a run on that institution. To restore confidence Mayor Rose was escorted to the bank by two policemen and deposited $500,000 in currency and gold. Business assumed its normal condition and the bank was saved.

The Veteran City Outpost is the name of a four-column folio paper published in the interest of Veteran City, the new town near St. Petersburg, where the veterans of the Blue and Gray have selected a spot to make their homes, where they can dwell in peace together, and if they "find any unhealed wounds resulting from the dark days of 1861-65, they will turn on the oil of peace and bind them with the mantle of Fraternity, Charity and Loyalty."

OUR STATE SCHOOLS.

A gentleman who is well posted regarding the control of educational institutions, informed The Sun that he thought the concentrating of the control of the colleges of the State into a board of regents, or a board of commissioners of fifteen, as detrimental to the interests of education in the State.

There should be a careful management of the funds set aside for educational purposes, but no penny-wise economy practiced. The schools of Florida have been steadily advancing, and even in our city schools the standing of the same grades are higher than in many of the Northern States. In the colleges there is an apparent thoroughness that speaks well for them, and judging from the attendance at nearly or quite all of these colleges, which are easy of access for our people by means of their location, there should be no diminution in their number, as the rapid growth of the State in population will require them all to furnish room for our young people who are seeking the higher education.

Whatever may be the outcome of the present legislation, it is quite certain that the gentlemen at Tallahassee are aware of the fact that the schools and colleges of Florida are doing more to place it in the high rank it is taking in the sisterhood of States, and that any movement to retard them or to place obstacles in the way of the people of the various portions of the State from enjoying their benefits, will be a step backward.

FLORIDA SEA BATHING.

The people who come to Florida to spend the winter to recuperate their health, frequently return to their Northern homes early in the spring, when the atmosphere is the purest and the weather conditions best suited to build up and strengthen the invalid.

The sea bathing along the Atlantic from Jacksonville to Miami is equal to any to be found in the United States, and the impression that the heat is unbearable is decidedly erroneous. The ocean breeze is always refreshing and invigorating, and each year the fact is being made clear to hundreds of people that Florida is as good a locality for recuperating in summer as in winter. Those who can should try it for a season, if seeking after health.

The bill introduced in the Legislature by Representative Campbell of Gadsden county, to define the duties and fix the salary of State attorneys, provides, among other features, that the State attorneys shall assist the Attorney-General in the prosecution of all State cases in the Supreme Court, shall represent the State in habeas corpus cases, provides for the transfer of State attorneys from one circuit to another in cases of disqualification, etc., and fixes the salary of the State attorney at $2,400 per annum.

White Men Arrested for Lynching.

Columbia, S. C., April 27.—A sensation was sprung in this state upon the arrest of four prominent business men of Kershaw, charged with the lynching of J. T. Morrison, a white man, which occurred in that town on Oct. 2 of last year. Three other men were arrested in Lancaster a few days ago in connection with the same case. A preliminary trial will be given the men now under arrest at Lancaster on Friday. The people of the town of Kershaw have chartered a special train, which is free to any one desiring to go to Lancaster to attend the hearing. By some, further trouble is anticipated.

RAILROAD VALUATIONS IN ALACHUA

They Reach Nearly a Million and a Half Dollars.

PAY TAXES OF $22,639.44

Of This a Large Amount Goes Into County General Fund and Sub-School Districts—The Railroads Pay Heavily for Business Privileges Here.

Casual thought would not begin to figure up the correct valuations of the railroad possessions, or railroad property, in Alachua county. These valuations reach figures enormous, and are hard to conceive unless one becomes familiar with same.

The railroads operating in Alachua county, as shown by the tax books of County Collector Dickinson, own an aggregate valuation, including main and side tracks, rolling stock, equippage, depots, shops, etc., of $1,890,301. Upon this valuation the railroads pay a net tax of $22,639 44 per annum, which is divided as follows:

County, $14,070.80; State, $5,623.33; sub-school (county), $2,940 31.

This represents vast interests within the county, and when those adverse to the building and maintenance of hard roads begin making objection upon the grounds that the taxes might be increased, should stop long enough to consider the great 'burden' upon the railroads, which, instead of receiving a benefit directly, only receive the indirect benefit, but are compelled to pay their proportion, the same as the grower who hauls his product to market, or the citizen who uses the highway for other purposes to his own benefit and comfort.

The railroads are paying their share of the taxes of Alachua county, as is shown from the above statement, and no person has any just cause to object to their existence and their volume of business.

Justice Colman's Court.

The mills were set to grinding Thursday in Justice Colman's court, when Dan Johnson, colored, was arraigned upon a charge of accessory to the crime in the murder of John Fowler at Windsor on October 25, 1903. Chas. Winklea, another negro, was the principal in the crime as charged. At the last term of the circuit court an indictment was found, and Winklea is now under a bond of $600 for his appearance at the next term of the court.

Johnson was placed under a bond of $105 for his appearance before the fall term of the circuit court. In placing the defendant under this bond Justice Colman remarked that it was not because he might be guilty, but that he would prove an important witness in the case, and he desired to be assured of his appearance before the court as such.

A Dandy for Burns.

Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. 'It is a dandy for burns.' Those who live on farms are especially liable to many accidental cuts, burns, bruises, which heal rapidly when Ballard's Snow Liniment is applied. It should always be kept in the house for cases of emergency." 25c, 50c, $1.00 bottle. Sold by W. M. Johnson.

SCOTT'S EMULSION

We don't put Scott's Emulsion in the class of advertised cure-alls; it doesn't belong there. We hardly like to use the word "cure" at all, but we are bound to say that it can be used for a great many troubles with great satisfaction. Its special function is to repair the waste of the body when the ordinary food does not nourish, and this means that it is useful in many cases which are indicated by wasting.

We'll send you a sample free.

W. C. T. U. CONVENTION.

Interesting Session of the State Convention in Session.

The W. C. T. U. State Convention convened in Jacksonville Tuesday afternoon, with very encouraging reports of work accomplished during the past year.

The evening session was opened by prayer by Rev. Ley. Welcome address by the president, Mrs. F. G. LeBourveau, of the Jacksonville union. Address of welcome for the pastors, Rev. Syman Hood; for school, Prof. Knibloe; for city, Dr. W. A. Hobson. With these cordial welcomes we felt quite at home.

The response for the convention was given by Mrs. Knott of Tallahassee.

The first session, Wednesday, was opened with devotional exercises, with Miss Minnie Neal, State president, in the chair. When we looked into the bright face of our president we felt sure we would have an interesting and instructive convention. She e performed the duties of her office in a very systematic and business-like manner.

The report of the executive committee was given and a number of papers were read showing the intelligence and thought of our women, which encouraged us to go on in this labor of love for the uplifting of mankind and the advancement of Christ's kingdom.

At the afternoon session, after the devotional exercises, the business of the convention was taken up. Several instructive papers were read on the education of the children in school and out.

SUPT. PRESS WORK.

In the Mayor's Court.

There was a light docket in the mayor's court, only two cases having been presented for disposal by His Honor Mayor Thomas.

Benjamin Glass and Benjamin Nelson—the two great Benjamins—seemed to be possessed with the idea that, like Mr. Washington and the hatchet and the cherry tree, they might go about hacking down all sorts of shade trees and other things, merely for their pleasure or convenience.

But these descendants of Africa who "have no flag" were unlike Mr. Washington, in that they would not hesitate to say that they "didn't did it." However, somebody saw them "did it," and it was clearly proven that they had been guilty of mutilating a fine shade tree by girdling, and they were fined $5 and costs each, and warned not to work this Washington racket again.

The fines were paid.

Committed for Larceny.

Deputy Sheriff J. Lee Stokes of Micanopy arrived in the city Thursday with Edward Williams, a youthful negro who was arraigned before Justice Smith at Micanopy upon a charge of larceny, and sentenced to three months in the county "gang." It is said that Williams, whom it is claimed is in a bad way with a loathsome disease, has been obnoxious to the people of Micanopy for some time, but there is a satisfaction that he will not trouble them for the period of the next three months anyway.

Buffalos Shipped to Oklahoma.

Missoula, Mont., April 27.—Thirty five head of buffalo have been shipped from Arlee by M. Miller, who sends them to a point in Oklahoma about 800 miles south of Kansas City. The animals shipped were adults and an exceptionally choice lot.

Ten Killed in Mine Disaster.

Wilkesbarre, Pa., April 27.—While 16 miners were being lowered into the Conyngham mine today the rope broke and the carriage fell to the bottom, a distance of 760 feet. All the men were instantly killed.

TENT MEETING CLOSED.

Seventh Day Adventists Quit the City After Three Weeks' Services.

After three weeks' services in the big tent at the corner of South University and East Union streets, the Seventh Day Adventists have closed.

The meetings were conducted by Elder L. H. Crisler and son, Elder LeRoy T. Crisler, Elder and Mrs. W. L. Killen and others of the Seventh Day Adventist faith, and while they were never well attended, the little band of Adventists here were faithful to their belief, and never missed a service when it was possible to attend. All the ministers are good speakers, and delivered some very able sermons upon the Bible, as they saw it, and the interpretation of the Word of God.

Elder Crisler and son and Elder and Mrs. Killen expect to go to Archville, N. C., where they will conduct a series of meetings.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." Sold by J. W. McCollum & Co.

Dividing the Land.

Among several of the early tribes (or nations, as they called themselves) of the south of Mexico all the land was divided into three portions, one of which went to the state, another to the church and general education, and the third was divided equally among all ablebodied men in proportion to the families they had to sustain. In this way poverty was practically unknown among them, for provision was also made by the state for the sick, infirm, blind and maimed. Therefore no one need be poor, and only the idle and vicious were. So poverty was punished as a crime.

In several countries of South America this law was also enforced. One of the most notable examples was Peru. There one-third of all the conquered land went to the support of the royal court and the government, the second third to the people and the third one to the church, practically the same arrangement, for there, as in Mexico, the church was the guardian of letters and education and the instructor of the Peruvian youth.—Modern Mexico.

Snow Images.

In the little town of Andreasberg, in the Harz mountains of Germany, making snow images has been reduced to a science under the stimulus of an annual snow festival in which the residents of the town compete for prizes. During the time it is in progress the little village is thronged with guests. One year 4,000 persons enjoyed the sport. The task of the judges is by no means an easy one. In back yards, front yards and in the streets before the houses the models, which include figures and complex groups of all kinds, have been set up. That worker in the snow is wisest who waits until the last moment and then works swiftly and skilfully. Many a good sculptor's work has been reduced to a shapeless mass before the judges got around just because the sun would not hide its face.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

PROBABLY SETTLE IN GEORGIA.

South Arrican Boers with General Cronje Visiting United States.

Norfolk, Va., April 27.—General Cronje who was a member of President Kruger's cabinet for 12 years and a noted Boer leader, and is now on a tour of America, was shown a copy of the new constitution today. He said:

"It is a breach of the treaty of peace made us by England who promised a self government as soon as our country was in a settled state.

"King Edward has been advised by the capitalists in the drawing up of this constitution which to my mind is no constitution at all. The only thing which remains to be done is to be patient and work with petitions to the British government. On hearing the remark that petition would not avail, he responded:

"If they trample them underfoot for ten years still they must listen to us some day.

"The people of the Transvaal have been forming a political organization under the Boer leaders known as the 'Hetvolk,' the people, who will demand what was promised them in the signing of the peace treaty.

"Under the new constitution capital will be arrayed against labor and there is no possibility of self-government. The Briton now in South Africa is allied with the Boer and wants self-government, and does not want the country to be ruled by capitalists and magnates."

The Boers and Britons who are now in America with Cronje, over 500 in all, have become reconciled to the extent of agreeing to colonize in America, probably in Georgia.

The Old Japanese Mail.

In the days before the ports of Japan were opened to foreigners, before telegraphs, railroads and electricity had found their way into the island empire, the infrequent mails were carried by post runners, who wore the merest apology of a loin cloth and blue and white rags around their heads. They were for the most part an elaborate suit of tattoo, with a red star on each shoulder, the mark of their calling. The letters were incased in a waterproof package and secured to the end of a bamboo pole. With this over his shoulder and a pair of fragile sandals on his feet the runner started on his long journey, making from 75 to 100 miles per day. The distance they covered seems incredible, but the men were trained to speed and had remarkable endurance.

FOOT CAUGHT IN FROG.

n is Unable to Remove It and Is Crushed to Death.

Toledo, O., April 27.—Standing on e railroad track with his foot caught a frog and a long freight train approaching, Elmer Green, a switchman, ood calmly and waited for death in e Wheeling and Lake Erie yards at e east end of Holmstead. Green was truck by the engine and his body hrown directly under the wheels and he entire train of 20 cars passed over im.

Green was walking along the raiload track when his foot was caught n a frog, and while he was trying to release it the bright headlight on a reight engine appeared and almost blinded him. He worked vigorously to release his foot when he realized that the train was on the track on which he was fastened, but all in vain.

As the train came closer he appeared to realize that he was a doomed man, and suddenly straightened himself up and clasped his two hands together above his head as though appealing to heaven to assist him. The next instant the train struck him.

Arrested as Bank Swindler.

Denver, Colo., April 27.—Joseph Adams, alias Decker and Wilson, who is wanted in nearly every important city in the country and has been sought by the American Bankers' association for two years, has been arrested here. Adams, according to the Pinkertons, formerly belonged to the Knox-Whiteman gang of bank swindlers, but has worked by himself in the west for the last two years. His favorite game, they say, was to represent himself to a bank as a clergyman.

READ THIS.

Stevenson, Ala., June 6, 1901.

Dr. E. W. Hall, St. Louis: Dear Sir—I have been a great sufferer from bladder trouble for two years and my case was of a very serious nature, compelling me to have several painful and dangerous operations. I have also taken many different remedies. I took Swamp Root for three years and Warner's Safe Cure two years and they only gave temporary relief. After having two operations and preparing for the third, I saw your Texas Wonder advertised and purchased a bottle. I got almost immediate relief and have continued to improve ever since. My doctors said my bladder had grown together in three places, and I was suffering almost death. No man living can say more than I can say for your Texas Wonder, and I call it a world's wonder, and I hope all who suffer will give it a trial. Wishing you success, I am

Yours truly,

Mr. McLendon, however, has secured a more lucrative position as traveling representative for the Eastern Gas Light Company of New York, and has just assumed his duties. He is a man full of energy and ambition, a hustler, and will no doubt make a success of his new venture. His friends here and at High Springs are confident that he will "win out," knowing his ability as well as they do.

Curiosity Satisfied.

While Geo. W. Moyers was engaged a few days ago in constructing the huge "incubator" around the Confederate monument on the square he was plied with all sorts of questions as to whether he knew what he was making, and some aside criticisms were indulged in as to the foolishness of building a wooden curb or coping around the monument which would last only a few years, to all of which he replied that he did know what he was doing or he would not have promised the ladies to design and build it, and when, on Monday afternoon, the "incubator" was opened and a full grown wall 100 feet long, 16 inches high, with a flat top 8 inches wide, was open to inspection all hands agreed that Moyers knew his business. The "cast" was about the heaviest ever made in one continuous piece in these parts, several tons of material being used, and to have placed a granite coping of the same form and dimensions would have cost many times the cost of this one, and could have served no better purpose, as it improves with age, and when dry will be gray like the cement work in the court house walls.

Mr. Moyers says this was a complimentary job for the ladies of Kirby Smith Chapter, but that he will consider a proposition for the "dough" if anyone wants something nice for cemetery borders.
